**PROF. WOOD'S HAIR RESTORATIVE**.

**T**HIS preparation, although less than  
two years before the public, owing to the wonder-  
ful effects upon the human hair and scalp, has already  
made a name for itself, and is now in great demand.  
That this preparation will actually

Restore Gray Hair to its Natural Color,

produce luxuriant growth upon the heads of the bald,  
prevent the hair from falling off, and when used as a  
tincture produce a continual flow of the natural  
fluids, and thus render the hair more pliable, supple  
and elastic, so that it can easily be dressed, and  
will not easily be disengaged.

The certificates of distinguished gentlemen and ladies in  
every part of the country, who have tried it, and may  
be seen in my office, will attest to its efficacy.

That by a proper use of the restorative the hair can be made to  
retain its natural color to almost any age, added to  
the natural and restorative properties of the human hair, and in  
assurance of its efficacy as a curative of the  
various diseases of the eye, acne or chronic inflamma-  
tion, whether induced by excessive originalities, or  
other causes, and the various diseases of the skin, and  
weakness of Vision from any cause, and will  
be warranted to cure or the money returned. Price 25  
cents per box.
